Intro

Our distinctive product is meticulously crafted by hand, using authentic materials such as slate, marble, and sandstone. In contrast to synthetic alternatives, it preserves a 100% natural stone texture on its surface.

What sets us apart is our product's adaptability, allowing it to be seamlessly applied to curved surfaces, providing architects and designers with unprecedented creative freedom.

Its waterproof properties make it suitable for both indoor and outdoor applications, including wet areas like shower walls and backsplashes.

Additionally, our product is incredibly lightweight, making it easy to transport and install. In a time when labor and transportation costs are rising, our solution provides a quick and efficient installation process, which is especially helpful for covering large areas.

EasyStone

Organic natural stone stands as a valuable and enduring resource, known for its durability.

Nevertheless, conventional stone processing methods have seen minimal evolution over the years, leading to outdated and inefficient techniques.

We've brought about an industry revolution by introducing a patented technology that enables the extraction of ultra-light and ultra-thin slabs from some of the world's most exquisite natural stones in an environmentally friendly and sustainable manner.

Our EasyStone natural stone slabs represent the pinnacle of innovation, excelling in both weight and appearance, while preserving the natural finish and texture of the organic stone. Despite their thinness, ranging from 1.5mm to 4mm, our products exhibit the same durability and aesthetic allure as traditional slabs, all without excess weight and environmental waste.

Moreover, our translucent collection possesses the ability to transmit light, imparting a naturally warmer appearance to the stone, rendering it ideal for both residential and commercial applications.

Texture

Indulge in timeless elegance and the innate beauty found in our refined collections. Whether you're drawn to the deep, earthy hues of slate, the opulent veining of marble, or the inviting textures of sandstone, each collection presents a unique option to suit various design aesthetics. Delve into our enchanting translucent collection, where the interplay of light and stone produces mesmerizing visual effects. Uncover limitless possibilities for your upcoming project.

Tips

Tips to help you selecting your EasyStone product:

1. Purpose

Before deciding on an EasyStone product, assess the location and purpose of its installation. Opt for a product that aligns with your specific needs and requirements.

2. Price

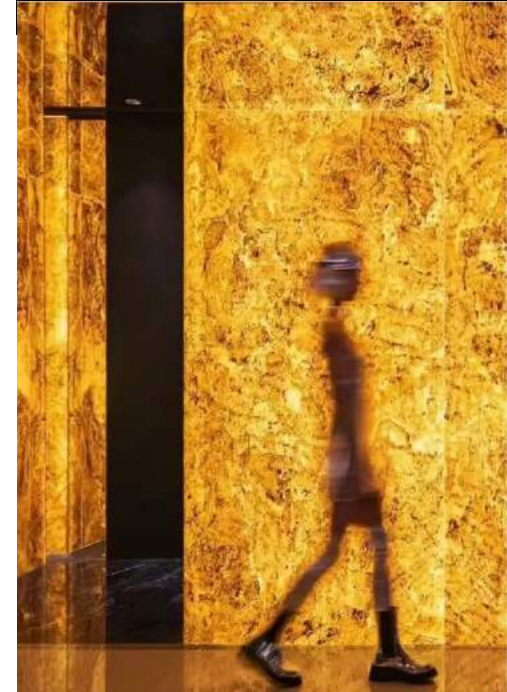

Consider the cost-effectiveness of choosing smaller sizes within the EasyStone range, especially when dealing with larger areas. Smaller sizes not only provide enhanced flexibility but also help you achieve the desired project impact while adhering to your budget.

3. Imperfections is Perfection

Release the quest for the "perfect" product, as it doesn't exist in our collection. We celebrate the natural beauty of each stone slab, ensuring that no two pieces are identical. While slight variations like dents or marks may be present on the surface, rest assured that every product is robust and enduring, backed by our lifetime warranty.

4. Adaptability

Opt for an EasyStone product that offers flexibility in both installation and usage. Look for a product that can be easily cut or reshaped to fit your specific needs. Choose an adaptable product that allows for seamless expansion or adjustments according to your requirements, ensuring smooth and effective utilization.

Collections

Indulge in enduring elegance and the innate beauty found in every one of our refined collections. Whether drawn to the deep, earthy tones of slate, the opulent veining of marble, the minimalist charm of sandstone, or the visually captivating translucent options, each collection provides a diverse array of choices for every design aesthetic. Uncover boundless possibilities for your upcoming project.

1. Slate Collection:

EasyStone's Slate Collection stands as our most visually diverse offering. It encompasses a range of products, from crystal white slabs adorned with delicate pink and gold clusters to dark gray stones featuring either geometric or abstract veining, and everything in between.

Bold and sophisticated, this collection is versatile, making it suitable for various indoor and outdoor applications.

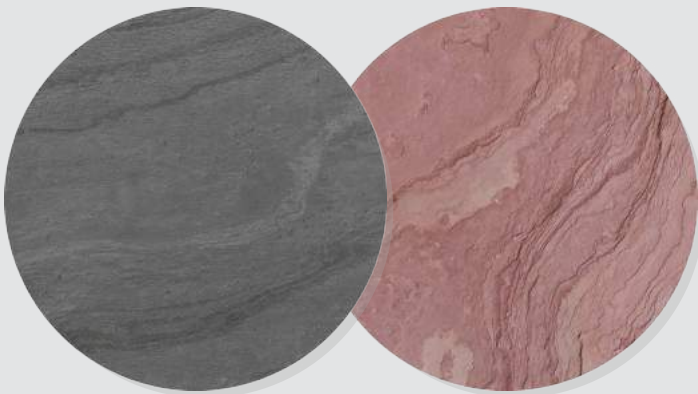

From fireplace surrounds and accent walls to exterior cladding and beyond, the Slate Collection adds a touch of elegance to any setting.

Thickness

- 1 - 3 mm

Size Available

- 61 x 122 cm (1.5 - 1.9 Kgs)
- 122 x 244 cm (5.9 - 6.5 Kgs)
- 122 X 280 cm (7.4 - 9.9 Kgs)* limited options available

Slate Collection

Characteristics:

- Exceptionally light in comparison to conventional stone slabs
- Boasts a completely natural slate surface
- 100% waterproof
- Appropriate for both indoor and outdoor applications
- Adaptable for use on curved surfaces

2. Marble Collection:

For a sophisticated and stylish appearance, explore our marble collection. With a sleek and elegant design, each stone displays intricate veining and a polished finish that radiates timeless beauty. Drawing inspiration from both classic 1920s aesthetics and avant-garde elements, this collection offers a range of options, from pearl white to richly colorful stones. Any product from this collection will enhance its designated space, bringing it to a luxurious new level.

Thickness

- 1 - 3 mm

Size Available

- 61 x 122 cm (1.5 - 1.9 Kgs)
- 122 x 244 cm (5.9 - 7.9 Kgs)

Marble Collection

Features

- Exceptionally lightweight when compared to traditional options.
- Boasts a 100% natural sandstone surface.
- Suitable for both indoor and outdoor use.
- Can be effortlessly applied to curved surfaces.
- 100% waterproof for added durability and versatility.

2. Sandstone Collection:

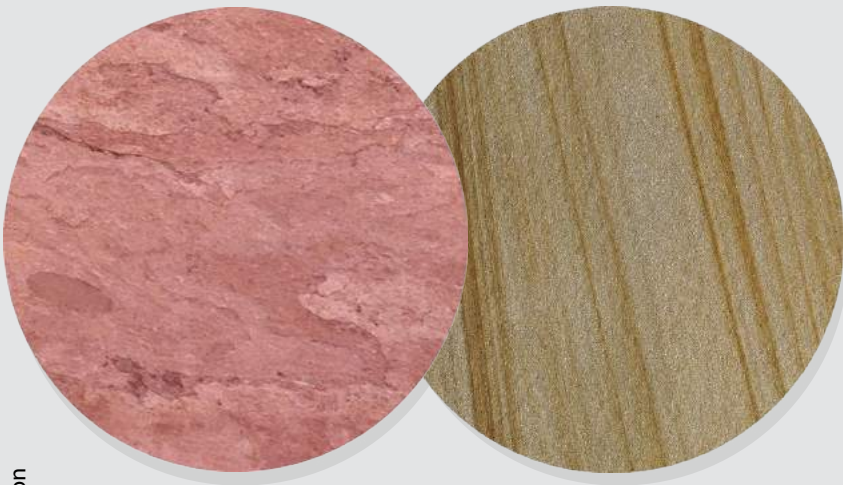

Every item within our sandstone collection exudes a timeless allure, characterized by a natural earthiness that enhances the stone's durability. The warm tones impart a sense of coziness and a touch of serenity to any space, turning it into a haven of refuge from the hectic external environment. The products in our sandstone collection are favored selections, not only for museums and places of worship but also for some of the world's most elegantly minimalist residences.

Thickness

- 1 - 3 mm

Size Available

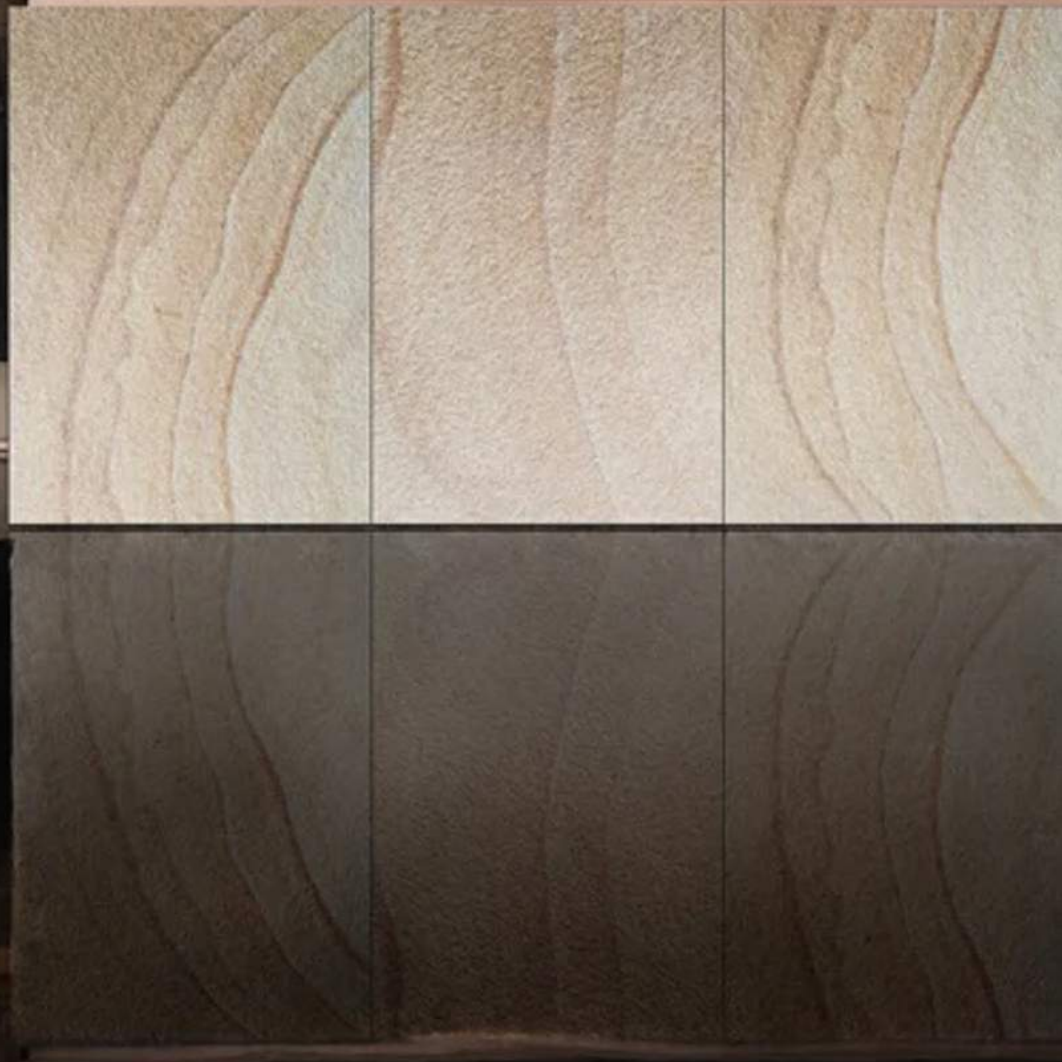

- 61 x 122 cm (1.5 - 1.9 Kgs)
- 122 x 244 cm (5.9 - 7.9 Kgs)

Sandstone Collection

Features

- Exceptionally lightweight when compared to traditional options.
- Boasts a 100% natural sandstone surface.
- Suitable for both indoor and outdoor use.
- Can be effortlessly applied to curved surfaces.
- 100% waterproof for added durability and versatility.

4. Translucent Collection:

Elevate your space with our translucent collection, crafted from ultra-thin natural slate. As light gracefully filters through each stone, it establishes a warm and captivating ambiance, taking your design from great to truly exceptional. Whether illuminated by natural or artificial light, the vivid character of the stone comes to life, making a bold visual statement that effortlessly commands attention.

Thickness

- 1 - 3 mm

Size Available

- 61 x 122 cm (1.5 - 1.9 Kgs)
- 122 x 244 cm (5.9 - 6.5 Kgs)

Translucent Collection

Features

- Remarkably lightweight in comparison to traditional stone slabs.
- Boasts a 100% natural slate surface.
- Completely waterproof.
- Suitable for both indoor and outdoor applications.
- Applicable to curved surfaces.
- Exhibits translucency when illuminated from behind, whether by natural or artificial light sources.

5. Concrete Collection:

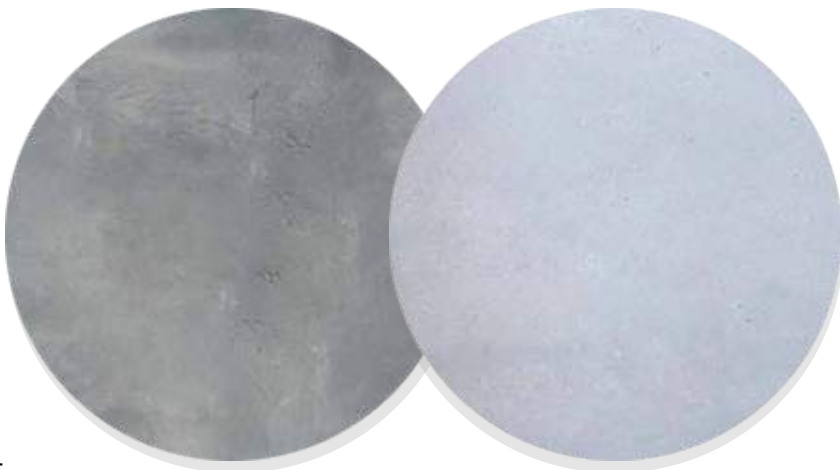

Concrete veneer serves as a flexible and malleable cement-based material that can be directly applied around obstacles, corners, and protrusions. We have developed a consistent and high-performance product that maintains the spontaneity and uniqueness of the concrete without any compromise.

Thickness

- 1 - 3 mm

Size Available

- 61 x 122 cm (1.9 - 2.0 Kgs)
- 122 x 244 cm (7.9 - 8.0 Kgs)

Concrete Collection

Features

- Exceptionally lightweight when compared to traditional options.
- High Performance and Uniformity
- Suitable for both indoor and outdoor use.
- Can be effortlessly applied to curved surfaces.
- 100% waterproof for added durability and versatility.

6. Metallic Collection:

Upon entering, the metallic stone veneer captivates with its gleaming luster and textured sensation. It is suitable for enhancing furniture surfaces and interior feature walls, providing a touch of glamour. However, it is not recommended for wet locations. Metallic textures and colors, whether they manifest as highlights of metallic tones or dazzling glossy silver, possess a unique vibrancy that distinguishes them.

Thickness

- 1 - 3 mm

Size Available

- 61 x 122 cm (1.5 - 2.0 Kgs)
- 122 x 244 cm (7.9 - 8.0 Kgs)
- 122 X 280 cm (7.4 - 9.9 Kgs)

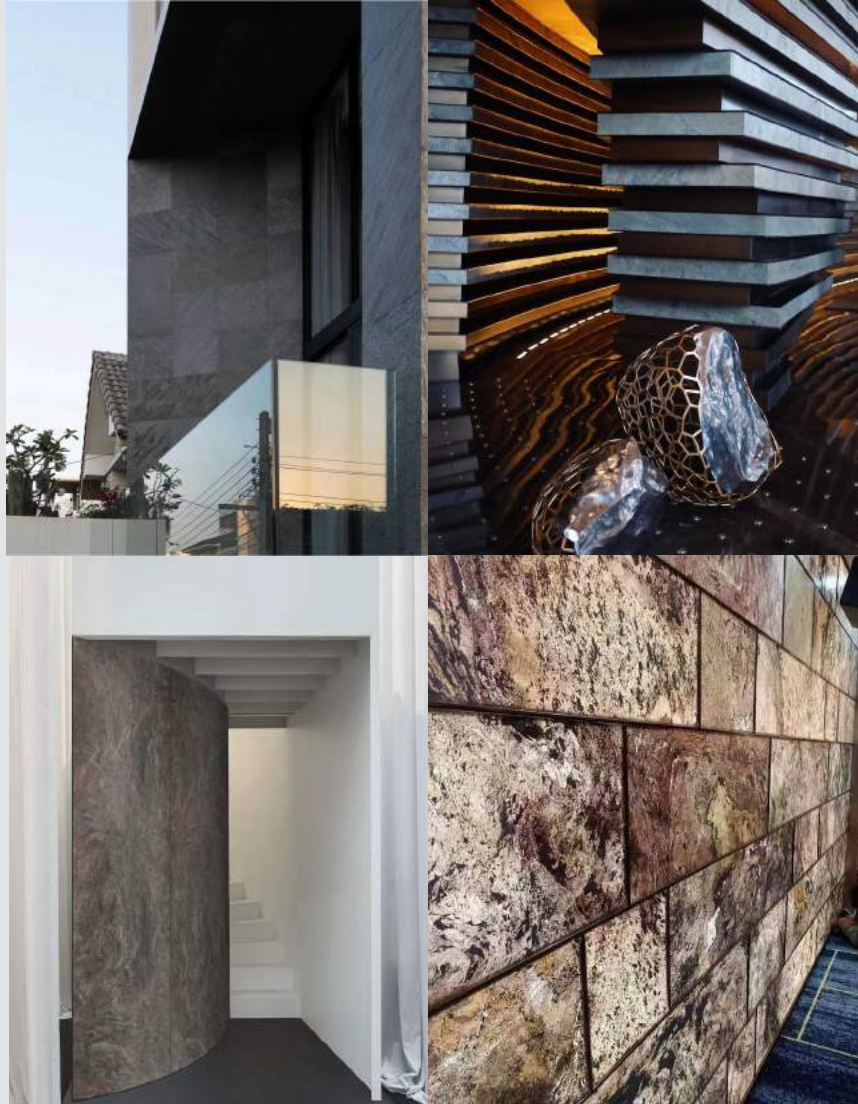

Metallic Collection

Features

- Exceptionally lightweight when compared to traditional options.
- High Performance and Uniformity
- Suitable for both indoor and outdoor use.
- Semi Flexible.
- 100% waterproof for added durability and versatility.

Gallery

The stone sourced from each of our four collections has graced exclusive boutiques, luxurious five-star hotels, Michelin-starred restaurants, and meticulously designed private residences. The versatility of EasyStone slabs makes them suitable for projects of any size, and our gallery serves as a fount of inspiration for enhancing and elevating your own living or working space.

FEATURE WALL

Product

Marble

Characterized by thick and jagged blue-gray veins, this ivory white marble exudes elegance and sophistication. Its durability makes it a perfect choice for enhancing both outdoor and indoor surfaces.

RESIDENCE

Product

Slate

Imbued with the appearance of being gently smoothed over by years of water submersion, this stone combines tones of blue, gray, and green to achieve a silvery matte finish.

OUTDOORS

Product

Slate

Defined by understated gray, red, and copper tones, this slate is adorned with sprays of charcoal gray dots that contribute rich definition to the stone.

HOTEL

Product

Slate

An attention-commanding maximalist stone, marble is an ideal choice to accentuate any wall or central lobby, ensuring that it captivates everyone who lays eyes on it.

RESTAURANT

Product

Slate

With an elegant and sophisticated appeal, this gray stone emanates a cave-like and guarded aesthetic. It boasts a true deep gray hue, exhibiting fewer color undertones compared to other gray stones.

TRANSLUCENT

Product

Translucent

An ice blue sea furrowed by lightly golden waves, this dramatic stone seduces onlookers with its fascinating combination of colors, providing them with an inner sense of calm and peacefulness.

EXTERIOR

Product

Slate

Evoking a moody ambiance with understated green and yellow tones, this slate showcases a glossy silver finish and is characterized by distinctive raindrop-shaped markings exclusive to this particular stone.

BATHROOM

Product

Slate

Deep tones of blue, green, and yellow, coupled with its weathered finish, impart the impression that this stone is particularly ancient and exotic.

FURNITURE

Product

Slate

Exuding elegance and sophistication, this gray stone embraces a cave-like and reserved aesthetic. It showcases a genuine deep gray hue, distinct for its fewer color undertones compared to other stones in the gray spectrum.

CABINETRY

Product

Slate

A geometric slate perfect for achieving a sophisticated yet striking appearance. The stone evokes the serenity of a calm night sky, enhanced by delicate silver streaks that impart the allure of distant galaxies.

ART

Product

Slate

An artist has utilized EASYSTONE ultra-thin slabs to craft a stunning piece of art that replicates the artistry of Lady Guoguo's Spring Outing from the Tang Dynasty.
